OBJECTIVE

Enthusiastic MCA student with strong coding and problem-solving skills, specializing in data structures, algorithms, and software development. I am looking for a Software Developer role to work on meaningful projects, gain real industry experience, and grow in a team-oriented, fast-paced environment.

EDUCATION

Master of Computer Application, KIET Group Of Institutions Expected 2026
CGPA : 7.54(Till 2nd Semester)

Bachelor of Computer Science, Chaudhary Charan Singh University 2020 - 2023
Percentage : 63.6%

SKILLS

Programming Languages	C, Java, Python, JavaScript, HTML, CSS
Web Development Tools	React (Learning), Nodejs, Expressjs
Data Science Tools	Numpy, Pandas, Matplotlib, Scikit-learn (Beginner)
Database	MySQL, SQL (Intermediate)
Version Control & IDEs	Git, GitHub, VS Code

EXPERIENCE

Java Developer Intern - Codec Technologies (*Remote*) July 2025 - Aug 2025

- Developed an Employee Management System using **Spring Boot** and **MySQL** that includes fully functional CRUD APIs, reducing manual HR tasks by 60%.
- Designed REST APIs and tested endpoints with Postman, improving **backend reliability by 40%**.

PROJECTS

Fake News Detector *Upcoming*
I am developing a machine learning model to classify news articles as real or fake using Python, Scikit-learn, and NLP techniques. I am trying to implement text Preprocessing, including Tokenization and Improved **misinformation detection accuracy by 18%** using TF-IDF and logistic regression.

Sangeet *Jan 2024 - Apr 2024*
Designed responsive UI with React and Tailwind CSS, **increasing user retention by 30%**. Designed interactive UI components, added playlist and song management features, and focused on providing a seamless user experience.

2D Jet Fighter Game *Oct 2024 - Jan 2025*
Created a desktop-based game using Java Swing with interactive UI elements and a custom Sound System Module. I designed smooth gameplay mechanics, collision detection, and score tracking.

EXTRA-CURRICULAR ACTIVITIES

- I participated in several coding contests, including **GeekforGeeks**, **LeetCode**, and **HackerRank**. I regularly practice problem-solving in **Java** and **Python**.
- I am an active contributor on **GitHub**. I share both personal and academic projects, which include **web apps** and **machine learning models**.

CERTIFICATES

- Complete Python Bootcamp** – Cisco Networking Academy – Mar 2025
- Java OOP with Functional Programming** – Udemy – Apr 2025
